NOTICE OF PROPOSED RULE MAKING

Adopted: July 31, 2002;

Released: August 9, 2002

Comment Date: September 30, 2002

Reply Comment Date: October 15, 2002

By the Assistant Chief, Audio Division:

1. Before the Audio Division for consideration is a multiple docket *Notice of Proposed Rule Making* setting forth separate proposals to amend the FM Table of Allotments, Section 73.202(b) of the Rules. Each petitioner has stated that it will apply for its requested channel, if allotted. We believe that each proposal warrants consideration because it complies with our technical requirements and would serve the public interest.

2. This is a multiple docket *Notice of Proposed Rule Making* issued in response to a Commission *Public Notice* released October 2, 1998 (DA 98-1987). We are combining separate FM allotment proposals into a single *Notice of Proposed Rule Making*. Each proposal has its own docket and rule making number and the Commission's Reference Center will maintain a separate file for each docket. As discussed in the *Public Notice*, this procedure will conserve Commission resources and expedite the processing of FM allotment petitions for rule making by avoiding duplicative actions. We request comments and/or counterproposals to the following proposals:

A. MB Docket No. 02-205; RM-10470**Petitioner:** Robert Fabian4 Hickory Crossing Lane
Argyle, Texas 76226**Proposal:** Allot Channel 249A at Vici, Oklahoma, as the community's first local aural transmission service.

<u>Community</u>	<u>Present</u>	<u>Proposed</u>
Vici, Oklahoma	---	249A

Coordinates: 36-08-59 NL and 99-17-53 WL

Additional Information: A Commission engineering analysis indicates that Channel 249A can be allotted to Vici in compliance with the spacing requirements without a site restriction. In support of the proposal, petitioner states that Vici is an incorporated community of over 680 people, has a form of local government, its own post office, fire department, school district and numerous churches to serve the community. Petitioner further states that the allotment could provide an outlet for local self-expression for the community.

Big Lake, Texas	252A, 280A	246A, 252A, 280A

Additional Information: Channel 246A can be allotted to Big Lake, Texas, in compliance with the Commission's spacing requirements with a site restriction 10.7 kilometers (6.6 miles) east of the community. Since Big Lake is located within 320 kilometers (200 miles) of the U.S.-Mexican border,

concurrence of the Mexican Government has been requested for the allotment of Channel 246A at Big Lake. In support of the proposal, petitioner states that Big Lake is an incorporated community with over 3,400 people.
